New York Dry Goods Market. Naw York, December 8—The week closes with a better feeling than was apparent at the close of last, but business was still only moderate, and prices have a downward tendescy.—There is no general decline in prices of all grades, but to-day one article is marked down by a jobber to attract attention, and to-morrow another by some other house, until by degrees the whole list is found ten to fifteen per cent. lower. These changes in a few kinds of goods occur almost daily, and while sales are con-
